

## **FTTH Council Europe Awards 2022**

### **Terms & Conditions**

- 1) The FTTH Council Europe is the organiser of the FTTH Council Europe Awards 2023 ("FTTH Awards"), which is a contest to award outstanding support for the acceleration of FTTH in Europe within the following categories:
  - Champion of Diversity Award
  - Individual Award
  - Operator Award
  - Charles Kao Award
- 2) The FTTH Awards nomination process is open to all. For the Champion of Diversity Award, only companies can be nominated, for the Individual/Charles Kao Award category, there are no restrictions on nominations. For the Operator Award, only companies that own, operate or deploy a FTTH or FTTB network can be nominated;
- 3) The deadline for nominations is 19 December 2022. The FTTH Council Europe may decide to accept certain nominations that are submitted after this date;
- 4) Nominations for the FTTH Awards are free of charge; each individual can nominate a maximum of one candidate per category. Please [click here](#) to nominate;
- 5) The Board of directors and the Committee Chairs of the FTTH Council Europe will review all submissions. The FTTH Council Europe is not obliged to communicate any explanatory statement about the decisions made by the jury;
- 6) The jury will review the nominations based on criteria that are defined by the FTTH Council Europe. The jury will rank the first three choices for the FTTH Awards in each category. In case a winner does not accept the FTTH Award, it will be given to the next choice in the ranking. If all three winners do not accept the FTTH Award, the specific category will not be awarded;
- 7) The winner of each category will receive an FTTH Award trophy;
- 8) The winners will be announced at the FTTH Conference 2023 in Madrid on 19 April 2023;
- 9) The winners will be informed by the end of January 2023 and invited to travel to the FTTH Conference in Madrid to receive the FTTH Award;
- 10) Legal recourse is excluded.

Brussels, November 2022
